## TO ALL CUSTOMERS

August 2003

### Technical Modification of LT Series Pumps

We hereby would like to inform you of the technical modification that we will be introducing in the next months on all pump models of our **HAWK® LT series** which will feature:

- **New Brass Manifold**
- **New Manifold Plugs**
- **New Check Valves**

Pos.	Part no. old version	Part no. new version	Description
11	1602.00	<b>1602.03</b>	Manifold LT
12 13 15	2600.02	<b>2600.08</b>	Kit check valve 0.8
12 13 15	260202	<b>2602.15</b>	Kit check valve 0.6
14	1601.07	<b>1601.30</b>	Plug
	2600.05	<b>2600.16</b>	Kit compl. Manifold Ø 20 mm
	2601.03	<b>2601.06</b>	Kit compl. Manifold Ø 22mm
	2602.04	<b>2603.10</b>	Kit compl. Manifold Ø 25mm
		<b>2602.14</b>	Kit compl. Manifold Ø 25mm

Herewith attached please find the new breakdown drawing and parts list.

Please note that the new plugs and the new check valves are **NOT** interchangeable with the old version's.

The new pump version is easily recognizable due to the new style plugs with **ROUND internal circumference** (instead of the old plug with the sunken hexagon) and the colour of the new **check valve cages** which is now **NEUTRAL**, instead of black.

Thanking you for your attention, we would like to remind you that our Sales Dept is at your disposal for any further information you may require.

Kind regards

**LEUCO S.p.A.**
